Customer feedback:

- *"For the various engagements I have had with this company, I have nothing but good experience. They stood out in every category and have been very impressed with their customer service, attention to detail, demonstrated knowledge and execution over a range of company efforts."*
- *"Kari came in during a time of transition and challenge. She helped guide the team on building an integrated schedule...Her knowledge of the material was deep and broad. Her communications to me on what was needed and what was realistic were both helpful and timely."*

Projects:

- Systems Engineering for iSpace M3 Lunar Lander (NASA CLPS)
- Project Manager – ERP effort for implementing SAP S/4 Hana, Solumina, and Zflow
- Project Manager supporting the implementation of and staff training for Enterprise PM software from Australia for a Canadian customer
- Project Manager for mobile application development
- Support to Program Management Office Process development
- Systems Engineering support for space applications
- Management Training Workshops and Classes on Project Management, Risk Management, and Fostering Creativity
